

## **CHEESE CAKE**

### **INGREDIENTS**

500 gms CHEESE CAKE MIX

400 mls COLD WATER

For variation add fruit, choc chips, flavouring, etc.

(if adding liquids the amount of water required is reduced)

### **METHOD**

1. Place cheese cake mix and water in a mixing bowl and blend on top speed for a 4 minutes until smooth. (Add fruit etc. in the last minute of mixing.)
2. Pour onto biscuit base (see Biscuit Base recipe).
3. Use 22cm pie plate or spring-form pan and refrigerate until firm.
